Meeting Content

1. WP2 (4system)

Modification to the e-course navigation.

-  Valorisation of the first two introduction pages and including indication about “flash” and download link
-  To adjust the home-bottom opening a new window (avoiding pop-up)
-  To add more content concerning advanced users
-  To add in the SCORM more data regarding: duration of single LO, interdependence among LOs, beginner/advanced, educational background and skills required to understand a LO
-  Change in the menu the word “Chapter” with “Section” one. Include in the menu the index of the whole course, allowing direct links to the sub-chapter and/or LOs.
-  To create the evaluation test to submit to the test group before and after the test-learning process
-  To change the numeration of LO as follow: n/tot/section (% if possible)
-  To enrich LO using more Wikipedia links as possible
-  Creation of a wiki-based PCM e-course

Deadline:

25 November 2008: e-course last release including test (4system) and wiki (PMF-wiki set-up + 4system;INK;IDEC - content); pilot test “list of participant” in a common excel file (all).
